### **TASNEEM SATTAR**

Tasneem Sattar is working for SITA; the world's leading specialist in air transport communications and information technology. She is a Senior Team Lead within the Software Development team; which ensures that the newly developed code is ready to go LIVE into production. Her area of specialism is within the aircraft services department, which includes flight planning.

Tasneem left secondary school with 9 GCSE's and enrolled into NatWest Banks' training programme and progressed through the diverse job roles within the organisation; including loans and mortgages. After 10 years she decided to change her career and went back to study and hence attained a 1<sup>st</sup> Class (HONS) BSc in Information Systems at Brunel University.

She is a parent Governor at the school and believes that education is the key to future success. She is passionate that every child should be given the finest education; and support throughout their school years.
